

Implementation Roadmap

Phased transformation approach

Phase 1 – Planning

- Project charter & governance
- Future-state design
- Implementation plan

Phase 2 – Build

- Portal configuration
- Workflow automation
- Documentation

Phase 3 – Pilot

- Pilot deployment
- User acceptance testing
- Process refinement

Phase 4 – Rollout

- Organization-wide rollout
- User training
- Change communications

Phase 5 – Hypercare

- Go-live support
- Performance monitoring
- Project closure
